

# Next generation of Jump Starter for the Transport Industry

-  **ALWAYS READY**
-  **LIGHTWEIGHT & PORTABLE**
-  **WHS COMPLIANT**
-  **AUSTRALIAN MADE**

**This Jump Starter will jump your entire fleet all day long**

Designed, developed and manufactured by Durst Industries, the Hypastart series of professional capacitor based jump starters are Australian made and built with durable, powder coated aluminium frame providing a versatile lightweight unit, compliant with WHS regulations.

Hypastart X2500 and X2500-24 is designed for the transport Industry with unique features specifically aimed at professionals working with trucks and buses. This model is perfect for heavy vehicle workshops, service centres and mobile service operations.

Hypastart Transport is available in 12/24V and 24V only versions allowing for dual and single voltage environments. This model is equipped with an auto reset fuse and reverse polarity protection. Anti-spike / anti-spark filtering provides protection to sensitive vehicle management systems at all times during operation. Built in volt meter with 350A Anderson on board is standard with this model.

## Anderson Receptacle Onboard

Hypastart can be recharged in a matter of minutes from various sources. The unit is supplied with an AC adaptor but can also be recharged from any DC source up to 30V including energising from a flat battery ensuring you have an "always ready" jump pack when needed most.

**HYPASTART TRANSPORT IS ABLE TO START ANY TRUCK OR BUS IN YOUR FLEET QUICKLY AND EFFICIENTLY, ALL DAY, EVERY DAY.**

This model can be configured to charge automatically from a maintenance vehicle providing the operator a fully charged Hypastart at all times.

The Hypastart is designed as an intrinsically safe jump starter which will operate without the fear of gassing, fire or explosion, even if the unit has been damaged, these are without question the safest jump starters on the market.

Start leads and accessories are available with the Hypastart, please check specifications for the appropriate accessories you may need.
